

Sumit Pandey

B. Pharmacy

School of Pharmaceutical Sciences, Apeejay Styra University, Sohna, Haryana

Professional Summary

Motivated B. Pharmacy student with strong academic grounding and hands-on experience in pharmaceutical research, quality systems, pharmacovigilance, and regulatory practices. Demonstrated ability in poster presentations, research documentation, internship-based learning, and academic project execution. Interested in innovation-driven pharmaceutical development, healthcare technology, and quality-compliant manufacturing environments.

Education

Bachelor of Pharmacy (B. Pharm)

School of Pharmaceutical Sciences, Apeejay Styra University, Sohna, Haryana

Status: Final Year (2022-2026)

Internships & Practical Exposure

Indian Pharmacopoeia Commission (IPC) – PvPI Department

Duration: One Month Internship

- Gained exposure to pharmacovigilance systems and ADR monitoring. - Understood reporting mechanisms under the Pharmacovigilance Programme of India (PvPI). - Learned regulatory documentation and signal detection basics.

Koshbio Private Limited – QA/QC & Manufacturing

Duration: One Month Internship

- Worked in **Quality Assurance (QA)** and **Quality Control (QC)** departments. - Gained practical exposure to pharmaceutical/biotech manufacturing environments. - Understood **manufacturing processes and workflow of rapid diagnostic test kits**. - Learned the **principle, components, and working of rapid immunoassay-based test kits**. - Observed quality checks, documentation practices, and in-process controls for diagnostic products.

Academic & Research Projects

1. Poster Presentation – cGMP (Current Good Manufacturing Practices)

- Presented at Apeejay Stya University.
- Awarded **Winner – Poster Presentation**.
- Focused on regulatory compliance, quality assurance, and manufacturing controls.

2. Experimental Studies – Pharmaceutical Analysis

- Crystallization behavior of paracetamol using different techniques.
- Preparation and stability analysis of paracetamol solutions using co-solvents (PEG 300, PEG 6000, Propylene Glycol).
- UV–Visible spectrophotometric analysis and interpretation of blank/sample data.

3. Research Concept – Innovative Vehicle Polish Liquid

- Conceptualized a formulation providing enhanced shine and dust repellence.
- Prepared research proposal structure, formulation rationale, and market differentiation.
- Planned journal-style research paper and poster formats.

4. Innovation Idea – Biodegradable Oral Hygiene Chewing Gum

- Proposed an eco-friendly alternative to toothpaste and toothbrush.
 - Focused on oral cleaning, sustainability, and patient convenience.
-

Publications & Certifications

- **Certification Course – Regulatory Affairs**
Life Sciences Sector Skill Development Council (LSSSDC).
 - **Book Chapter Author – *Enigma Volume 3***
Published by The Quill Publication (Certificate awarded – November 2022).
-

Leadership & Social Engagement

- Active member of **Rotaract Club**.
 - Organized and coordinated community-focused initiatives:
 - Maitri Mahotsav (Club Picnic & Team Building Event)
 - Feeding drives for stray animals (dogs, cats, birds, cattle)
 - Krishna Janmashtami celebration at an orphanage
 - Pharmacy Week awareness and gratitude campaign with local pharmacists
-

Technical & Professional Skills

- Pharmaceutical Analysis & Instrumentation (UV–Vis, basic lab techniques)
- cGMP, QA & Regulatory Fundamentals

- Pharmacovigilance Basics (ADR reporting, PvPI exposure)
 - Research Documentation & Academic Writing
 - Poster Design & Scientific Presentation
 - Basic Web & Digital Portfolio Development (GitHub Pages)
-

Digital & Creative Work

- Founder of **Lost Munda** – Travel content brand (YouTube & Instagram).
 - Experience in content planning, branding, and digital presentation.
-

Achievements

- **Winner – Poster Presentation (cGMP)** at Apeejay Styia University.
 - **Completed Internship – Indian Pharmacopoeia Commission (IPC)** in the PvPI Department.
 - **Completed Internship – Koshbio Private Limited** with hands-on exposure to QA/QC, manufacturing operations, and rapid immunoassay-based diagnostic test kits.
 - **Published Book Chapter Author** – *Enigma Volume 3* (The Quill Publication).
-

Career Interests

- Pharmaceutical Quality Assurance & Regulatory Affairs
 - Research & Development (Formulation / Innovation)
 - Pharmacovigilance & Drug Safety
 - Healthcare Technology & Sustainable Pharmaceutical Solutions
